Resolution no 11 in Part IV of the Abstract proceedings of the Special Finance committee dated 10th April 1922 suggesting (1) That the Local Boards be required to bear half the cost of Salaries of Sub. Asst Surgeons and of European medicines instead of Govt meeting Wholly such charges in L.F. Dispensaries.

(2) The abolition of the dispensary in the Public Offices in Bangalore.

(1) The cost of European medicines and on account of the pay of ~~Sub Asst~~ the medical officers in L.F. dispensaries is Wholly debited to the medical budget in accordance with the practice based on the Chief Commissioner's proceedings dated 26th oct 1875.

X The prevailing practice in Madras appears to be that Govt generally contribute one half of the cost of such charges. (Vide extract from the Madras Local Boards Manual 1920 Edition).

The Committee is of opinion that the Local Bodies should be required to bear half the cost of salaries of Sub Assistant Surgeons and of Europe medicines, instead of the Government wholly meeting such charges in all Local Fund Dispensaries. The dispensary in the Public Offices at Bangalore may be -- abolished, as it is not desirable that officials should absent themselves from their work during office hours.

NOTE

3) In this resolution, the Special Finance Committee recommend that the Local Bodies - should be required to bear half the cost of salaries of Sub Assistant Surgeons and of - Europe medicines instead of the Government wholly meeting such charges in all rural dispensaries. This proposal is calculated to reduce the expenditure of the State by about Rs. 90,000 per annum.

4) There are at present ~~[illegible]~~ 137 local and Municipal dispensaries in the State and the aggregate expenditure incurred on their -- maintenance is Rs. 2,76,900 per annum, averaging about 2,021/- per dispensary. The contributions by Local and Municipal Boards towards the expenses of these dispensaries under the orders of Government issued from time to time amount to Rs. 95,600 or roughly about 34% of the total expenditure.

(B)

5) The State expenditure on these dispensaries which is at present Rs. 1,81,300, is entirely due to the pay of the Medical Subordinate in - charge and the cost of Europe Medicines distributed to these dispensaries. These charges have been borne by the State in accordance with an old order of the Chief Commissioner dated 26th October 1875, which is being followed in subsequent orders of Government up-to-date.

x.

6) The inadequacy of the contributions of Local bodies towards the medical charges of rural hospitals was first raised by the Senior Surgeon as early as November 1886. Government, however, have refrained from imposing this burden on the local bodies in consequence of the paucity of - funds at their disposal.

7) The Committee that was appointed to consider the question of Medical Relief by Government in February 1919 have suggested that the recurring charges of Local Fund Dispensaries should be borne in equal proportions by Government and the Local Boards and their recommendations have been approved by Government. This will apply, of course, to the hospitals that will be started in future in accordance with the recommendations of the Committee. If this principle should be adopted in regard to the hospitals already in existence, the total contributions from the District and Municipal Funds will amount to Rs. 1,38,450 as against Rs. 95,600, or an increase of Rs. 42,850 over their present contribution.

8) The present financial condition of the District Boards was very carefully examined by me

and the Second Member of Council quite recently and it was found that the normal income ~~exceeds~~ comes to the normal expenditure of these Boards by Rs. 67,400/- if the Local Funds General and Mohatarfa should not be withdrawn from the resources of these Boards.

9) The points that arise on the recommendations o the Committee are

(i) Whether the sum of Rs. 90,650, which is equivalent to half the present State grant to Local Fund Dispensaries, should be required to be borne by the Local Boards as recommended by them, or

Whether a sum of only 42,850, which is equivalent to 50 per cent of the entire charges on Local Fund Institutions be required to be borne by these bodies as recommended by the Special Committee -- appointed to consider the question of Medical Relief in the State and approved by Government in regard to institutions that will be started in future.

10) It may be noted that the normal surplus - available at the credit of the District Boards viz., Rs. 67,400 will be sufficient to enable these bodies to meet 50% of the total recurring charges of Local Fund Dispensaries, ~~meet~~ while it may not be sufficient to meet the total amount recommended by the Special Finance Committee to be imposed on them.

11) Orders of Government have already been passed in regard to the recommendations of the Committee regarding the abolition of the Dispensary in the Public Offices.

Special Finance Committee's report regarding the Local Fund Dispensaries.

There are at present 137 Local Fund and Municipal Dispensaries in the State and the aggregate expenditure incurred on their maintenance is Rs. 2,76,900 per annum. The contributions made by the Local and Municipal Boards towards the expenses of these dispensaries under the orders of Government issued from time to time amount to Rs. 95,600, or roughly about 34% of the total expenditure.

The State expenditure on these dispensaries which is Rs. 1,81,300, is entirely due to the pay of the Medical Subordinates in charge and the cost of Europe Medicines distributed to the dispensaries. These charges are borne by the State in accordance with an order of the Chief Commissioner dated 26th October 1875 which is still in force in regard to dispensaries existing on 31st May 1920, those established subsequent to that date being governed by G.O.No.G.26855-65/Med. 70-18-28 dated 31st May 1920, under which the recurring charges of the Local Fund Dispensaries should be borne in equal proportions by the Government and the Local Boards.

The Special Finance Committee have recommended that the Local Bodies should be required to bear half the cost of the salaries of Sub Assistant Surgeons in charge of, and of the Europe Medicines supplied to, these dispensaries, thus reducing the State expenditure thereon by about Rs.90,000 per annum.

The question was considered at the last meeting of the Council, and as the financial position of the District Boards is under examination in connection with the contemplated withdrawal of Mohatarfa and Local Funds General from the District Boards, the Council are of opinion that ' the

The Reference is invited to the remarks under at para 61. The effect of that order is that the recommendations of the Retrenchment Committee are retained and the old practice under which Local bodies were contributing the cost of maintenance of the dispensary establishments and the cost of European medicines will be restored. The classes with the effect from the 31st May passed on the report of the Medical Committee whose recommendations coincide with those of the Retrenchment Committee. I may state here that I agree with the views of the Diwan. The District Boards & Municipalities have refused to bear the extra burden and I think we cannot force them to do this as their finances at least & some of them are not in a flourishing condition.

74 With reference to the above orders the following note is submitted for consideration.

Under the Chief Commissioner's Notification, the Local Fund was meeting the recurring charges of the dispensary, except the cost of Sub Assistant Surgeon and Europe medicines.

In G.O. No. G. 26855-65/Med. 70-18-28, dated 31st May 1920, it was ordered on the Report of the Medical Relief Committee that all the cost-initial and recurring should be met equally by the Government and local bodies concerned.

The Special Finance Committee recommended that local bodies be required to bear half the cost of salaries of Sub Assistant Surgeons and Europe medicines.

The Local Self Government Conference was of opinion that no uniform rule can be laid down regarding the contribution payable by the District Boards towards the cost of the several services and that the question should be decided by the District Board concerned as it arises.

Government in order No. L. 6686-706/Med. 129-21-18, dated 25th February 1924 recorded the recommendation of the Finance Committee. This would amount to the acceptance of their views and as such, since that date local bodies will have to contribute in addition to meeting the other charges, ½ the cost towards the salary of the Sub Assistant Surgeons and Europe medicines.

The Dewan has remarked while passing orders for

Allocation of the cost of Local Fund Dispensaries between Government and the Local Bodies.

In Chief Commissioner's proceedings No. 6123/G.141 dated the 26th October 1875 it was ordered that the pay of Hospital Assistants and the cost of Europe Medicines in connection with the working of Local Fund Dispensaries should be defrayed from Provincial Funds, while other charges including house rent, pay of servants, contingencies, as well as the Travelling Allowances of the Hospital Assistants, should be met from District Funds and that in the Chief Municipal Towns, a quota of the local charges should be borne by the Municipality in the proportion of one-third of the whole.

2. In sub-para (1) of paragraph 1 of G.O. No. G. 26855-65/Med.70-18-28 dated the 31st May 1920, it was laid down that the initial and recurring charges of the Local Fund Dispensaries should be borne equally by the Government and the local bodies concerned.

3. The Special Finance Committee in their report dated the 10th April 1922 suggested that the local bodies should be required to bear half the cost of salaries of Sub Assistant Surgeons and of Europe Medicines, instead of Government wholly meeting such charges in all Local Fund Dispensaries. The Presidents of the District Boards and Municipal Councils, who were consulted in the matter, expressed their inability to meet the additional charges in question, and it was resolved at the Mysore Local Self Government Conference of 1923 (Resolution No. XLIV) "that no uniform rule can be laid down regarding the contribution payable by the District Boards towards the cost of the several services and that the question should be decided by the District Boards concerned as it arises"

4. When the papers were submitted to the Dewan, he observed as follows:-

"I fear we cannot thrust this burden on local taxation at present The recommendation of the Special Finance Committee may be recorded".

This was done in Government Order No. L. 6686-706/Med. 129-21-18 dated the 25th February 1924.

When the file came up to me again in another connection, I recorded the following minute:-

"Reference is invited to Dewan's order at para 61. The effect of that order is that the recommendations of the Retrenchment Committee are vetoed, and the old practice under which local bodies were contributing the cost of maintenance of a dispensary, except the pay of the Sub Assistant Surgeon and the cost of Europe Medicines, will be restored This clashes with the Government Order dated the 31st May 1920 passed on the report of the Medical Committee whose recommendations coincide with those of the Retrenchment Committee. I may state here that I agree with the views of the Dewan. The District Boards and Municipalities have refused to bear the extra burden and I think we cannot force them to do this, as their finances at least of some of them, are not in a flourishing condition."

Agreeing with me the Dewan has suggested that the order of the 31st May 1920 may be modified accordingly.

Draft of a Government Order modifying the Government Order in question is submitted herewith for gracious approval.

Sir,

In continuation of this Office No. 293-21/L.F. dated 3rd October 1922, written with reference to your No. L. 6780-90 Medl. dated 20th May 22, inviting the opinions of the District Board and the Municipalities in the District in the matter of meeting half the cost of the pay of Sub Assistant Surgeons and Europe Medicines, I have the honor to state that the Hassan Town Municipality is still awaiting detailed particulars as to the probable costs of expenditure from the Senior Surgeon, while the other Municipalities seem to be unable to bear the expenditure on account of their poor finances. The Municipality of the Alur Sub Taluk is of opinion that one third of the cost may be borne by them, and the one at Chennarayapatna is agreeable to bear only a quarter. The Saklespur Municipality which is situated in a Malnad area and has a population of about 2,000 and odd is unable to bear any share of the cost of the pay of the Medical Officers, but reluctantly agrees to bear up to one sixth of the cost of only Europe Medicines, provided the District Board agrees to bear the remainder. The opinion of the Arsikere Town Municipality is awaited, and ~~copies of~~ translations of the Resolutions

2

TRANSLATIONS OF THE PROCEEDINGS OF THE MEETING OF MUNICIPAL COUNCILS of ALUR, ARKALGUD, BELUR, HOLE-NARSIPUR, CHENNA-RAYAPATNA and SAKLESPUR.

ALUR MUNICIPAL COUNCIL.

One-third cost of the pay of the Sub Assistant Surgeon and of Europe Medicines may be given.

ARKALGUD MUNICIPAL COUNCIL.

The expenditure of this Municipality has been exceeding the income, thereby necessitating the withdrawal of amounts from the reserve fund and therefore they cannot bear the extra expenses in question.

BELUR MUNICIPAL COUNCIL.

Though it is proper to bear this item of expenditure the present state of the finances of that Municipality does not permit of its being done.

HOLE-NARSIPUR MUNICIPAL COUNCIL.

The finances of the Municipality do not allow of any extra expenditure on this account.

CHENNARAYAPATNA MUNICIPAL COUNCIL.

The Municipality is agreeable to pay one-fourth of the cost.

SAKLESPUR MUNICIPAL COUNCIL.

This Municipality being a very small Municipality with a population of 2,000 and odd, and situated in purely Malnad area, and the greater number of patients come from outside the Municipal area, the Municipal Council is unable to contribute anything towards the pay of the Assistant Surgeons. As regards Europe Medicines, if it is considered that the Local Bodies should contribute towards any portion of the cost, the Municipal council will be prepared to bear one-third of the proposed share not exceeding one-sixth of the total cost on condition that the Hassan District Board bears the remainder.
